

2013 GSM Blend

Amador County

NOTES FROM THE WINEMAKER

The first in this series is a GSM blend composed of Grenache, Syrah, and Mourvèdre. It features lively fruit that harmoniously mingles together, with flavors of bright cherries, strawberries and pomegranate followed by subtle pepper and spice. Dense yet elegant, try pairing with the Duck Confit and White Bean Stew (recipe on the back), or grilled lamb and fig skewers with a mint-pepper glaze.
